

Dear WCMHA Team:

I would like to offer you a fundraising opportunity through the sales of Creative Memories products. Creative Memories is an international direct-selling company that promotes remembering, celebrating and connecting with others through memory and photo preservation in scrapbook photo albums.

I will return 15 percent of all profits from the sale of Creative Memories Products directly to your team. For more information about Creative Memories, log onto <http://www.mycmsite.com/sites/marshaacott> .

The program can run a couple of ways. You can have a catalogue show whereby orders are placed from the catalogue or people can access my website at <http://www.mycmsite.com/sites/marshaacott> to view the most current listing of products. Another option is that parents may choose to get together and host a gathering of team parents or individual parents may decide to host a gathering of friends outside of hockey. In either case an order is placed with Creative Memories and products are delivered within 2 weeks. A cheque for 15% of all products purchased will be forwarded to the team representative following the delivery of products.

Please contact me to answer any questions.

Thank you very much for your time.

Sincerely,

Marsha Acott
Creative Memories Consultant
